On the agenda:

The main purpose of the meeting is to share information relevant to Ikedayama residents. It provides also an opportunity to get to know and connect to other residents in your neighbourhood.

Furthermore on the agenda will be a presentation of the history/culture of our neighbourhood, and the sharing of a disaster preparedness plan for Ikedayama.

Another purpose of this first meeting is to discuss the need, and if possible to formalize, the Ikedayama neighbourhood council (definitive name of the council is still to be determined). Finally, there will be a report on the issues discussed in the Japanese 池田山住環境協議会 (“Ikedayama Living Environment Council”), and looked at possible ways how both councils can work together.

Please send your RSVP -with name and number of attending persons- before **October 2nd** by mail to office@ikedayama-council.com. Feel also free to propose any points you would like to add to the agenda.

We are looking forward to meeting you **Saturday October 4th at 15:00 !**
